**Subject:** Invitation for 3<sup>rd</sup> Nature and Adventure Festival 2019.

Sir

With due respect and great admiration, we, on behalf of Josephite Eco Earth Club, are honored to present you one of the most awe-inspiring eco carnivals of the year, the **3<sup>rd</sup> Nature and Adventure Festival sponsored by the EMK Center**, scheduled to be held from September 12 to 14, 2019. Greeting onto its elegant and rather monumental legacy and spectacular success of the previous years, JEEC has taken the initiative of arranging a number of events for the students to take part in and test their proficiency as well as creating awareness regarding the protection of nature and provide their young minds will opportunities of flourishing. We have attached some documents regarding the description, registration procedure and any other information of the forthcoming events for your kind perusal. To coordinate

We, therefore, earnestly hope that you and the pupils of your reputed institution would honor us with your presence and participation in this fascinating language festival.

Sincerely,  
**Josephite Eco Earth Club**

### Josephite Eco Earth Club (JEEC)

Founded in 2012, Josephite Eco Earth Club (JEEC) has been one of the pioneer school environmental clubs in Bangladesh. Being one of the most active environmental related club in the country, we have organized regular activities taking place around the calendar and a yearly flagship festival every year since its inception. We have events throughout the year concerning the environment and trying to raise awareness and concern. JEEC allows students to explore their talents with its vast array of events that test them on their technical and creative skills alike. Our students have been able to get recognition from organizations from home and abroad for their concern about the environment.

#### **The EMK Center Presents** **3<sup>rd</sup> JEEC Nature & Adventure Fest**

Nature & Adventure fest is the yearly fest organized by Josephite Eco Earth Club for the past few years. Through our events and functions, we have proved ourselves to be one of the most reputed and influencing environmental related clubs within the country.

This year we are hosting the 3<sup>rd</sup> edition of our flagship event "**3<sup>rd</sup> nature and Adventure Festival**" sponsored by the EMK Center from **September 12<sup>th</sup> to 14<sup>th</sup>** bigger and better than the previous years. For the first time ever in both our history and the history of nature festivals of the country, we are planning to reach the students of schools and colleges of the whole Bangladesh, rather being confined only to Dhaka.

## Event Outline

### 1. Eco based Project Display:

There will be three categories for the participants:

**Group A:** Class 3 – 5, **Group B:** Class 6 – 8, **Group C:** Class 9 -12

The participants will submit projects that will be judged by a panel on the last day of the display. The projects must be environmental and ecological conservation-themed.

### 2. Wall Magazine:

Students can participate as single parties or groups of 2-4. They can be from different institution. The wall magazine must have themes of nature, the environment and ecological conservation.

### 3. Photography Carnival:

Participants can submit any number of photographs following the submission process that will be posted in detail in a separate post. The selected photos will be displayed at the photography display during the fest. The winner will have their photo featured in our yearly publication.

### 4. Pinpoint on map:

Participants will have to answer questions with the help of a given map in teams of 2. The members can be of different institution. Further details will be published in a separate post. Top three teams from each category will be awarded.

### Signature Events:

- **Treasure Hunt:**

Open for all. Being one of the initiators of this event among environment clubs, We plan to make this event more bigger and better than the previous year. Challenging the wits, problem solving skills, navigation skills etc. to decide the winner. Including prize money for the winner and runners up

- **Mega Quiz:**

Open for all. A team event judging the grasp of knowledge in all fields from science to pop culture, from music to sports. Including prize money for the winner and runners up.

- **Green Journalism:**

Open for all. We are introducing this event for the first time in the country. This event will focus on the ability of a team to present an eco-based innovation existent in the world without much recognition and how it can be marketed in Bangladesh, making it affordable and usable to conserve our environment. Including prize money for the winner and runners up.

- **Truss Challenge:**

Open for all. A challenge to build a bridge with materials that will hold highest possible weight in limited time showing unique architecture. Scenario of a hill tract of Bangladesh will be given and best models for that landscape is to be made. Including prize money for the winner and runners up.

Phone: 02-9112917, email: sjhss.bd@gmail.com

- **Cycle Obstacle Race:**

Open for all. A track would be made in the field with obstacles, and participants would have to cross it in least possible time. Including prize money for the winner and runners up.

- **Cycle Stunt Show:**

Open for all. As a marvel of our fest, a cycle stunt show will be arranged where professional stunt men would demonstrate various tricks to amaze the audience. To raise awareness about carbon emission and eco friendly ways of commute we plan to organize this specific event rather than hosting any concerts that pollute the environment.
